LEARN ABOUT THE SIX PILOT
PROJECTS

Grow Local Tempe

SPRING OF 2023 THROUGH SUMMER OF 2024

About the Initiative

The Grow Local Tempe initiative promotes

- food access
- food literacy
- community resilience

Local schools and community centers will act as hubs of urban agriculture and food systems education in Northeast Tempe.

Unlimited Potential Community Health Workers (CHWs) played a key role in connecting the needs of the community members residing in Alegre, La Victoria/Victory Acres, and Escalante neighborhoods to the Grow Local Tempe initiative through need assessment surveys, public listening sessions, community workshops, and events.
