## **Educating Families for Tomorrow at Spaces of Opportunity on November 5, 2021 Evening Host Opportunities and Benefits**

Since 1985, Unlimited Potential has addressed the needs of the underserved population in south Phoenix. Our story began with parents wanting to improve their literacy in order to build a better future for themselves, their children and their family. Unlimited Potential was born to educate and empower the entire family. Unlimited Potential continues to evolve to address current issues affecting the community. Our mission is to ignite unity, pride and dignity through education and advocacy. We provide equitable opportunities grounded in acceptance and respect, promoting strong individuals, families and communities.

Unlimited Potential believes:

- All people have the right to have their basic human needs met.
- All people have the right to a quality education.
- Languages and cultures should be celebrated.
- All people should be treated with love, respect and integrity.
- Given the opportunity, people can acquire the skills necessary to overcome economic and social barriers and become proactive in changing their lives and community.
- People have the capacity and social responsibility to create communities that promote the healthy development of future generations.
- Through perseverance we can achieve social justice.

Unlimited Potential has four main priority areas:

- **Adult Education Programs:** English as a second language, General Education Development Classes (GED), Community Health Worker training, computer classes
- **Environmental Justice:** Heat awareness, energy insecurity, water conservation, waste management, reducing green gas emissions
- **Disease Control and Prevention:** Diabetes education, hypertension, lupus, cancer, circulatory diseases, Alzheimer and dementia illness
- **Healthy Living:** Tobacco cessation education, alcohol and substance abuse prevention, oral health, mental health, community garden, healing garden, health start.
